Sauvignon 12% Cabernet Franc

---

**THE LEGEND:** Born in the Horse Heaven, rolling west past bing cherry, eroded basalt and sage, this fruit comes of age in Lyle. Sprung from the barrel, it is the launching point for your culinary and social experimentations. Enjoy it with foods and friends that move you.

**THE TASTE:** A red wine that won't bring you down and like UB40 says, a whole heap of zing. Our 2022 Momentum has bounce and verve, with highlights of summer berries and lowlights of tobacco and graphite. It's fresh across the palate like landing on a suede pillow.

**THE PLACE:** Established in 2005 the Horse Heaven Hills AVA spans the south central border of Washington State. Located in the high desert of Eastern Washington, most plantings are located upon the high plateau that gives this region its name. The high and dry conditions, moderated by the cooling winds off the nearby Columbia River make this region well suited for the red varieties planted here.
